SHIFTING STANDARDS AND SETTING THE TRENDS

Reinventing Flooring : **Design in New Dimension**

No longer limited to square tiles, Tuntex's revolution of traditional carpet has brought a new world of flooring design. 250mm*1000mm planks offer greater flexibilities and creativities while minimizing waste. Paired with Tuntex square tiles, Tuntex planks open up new opportunities to mix and match styles to create new design aesthetics. Come join us to explore the endless possibilities of Tuntex planks and play with the new patterns to create your fun and refreshing indoor space.

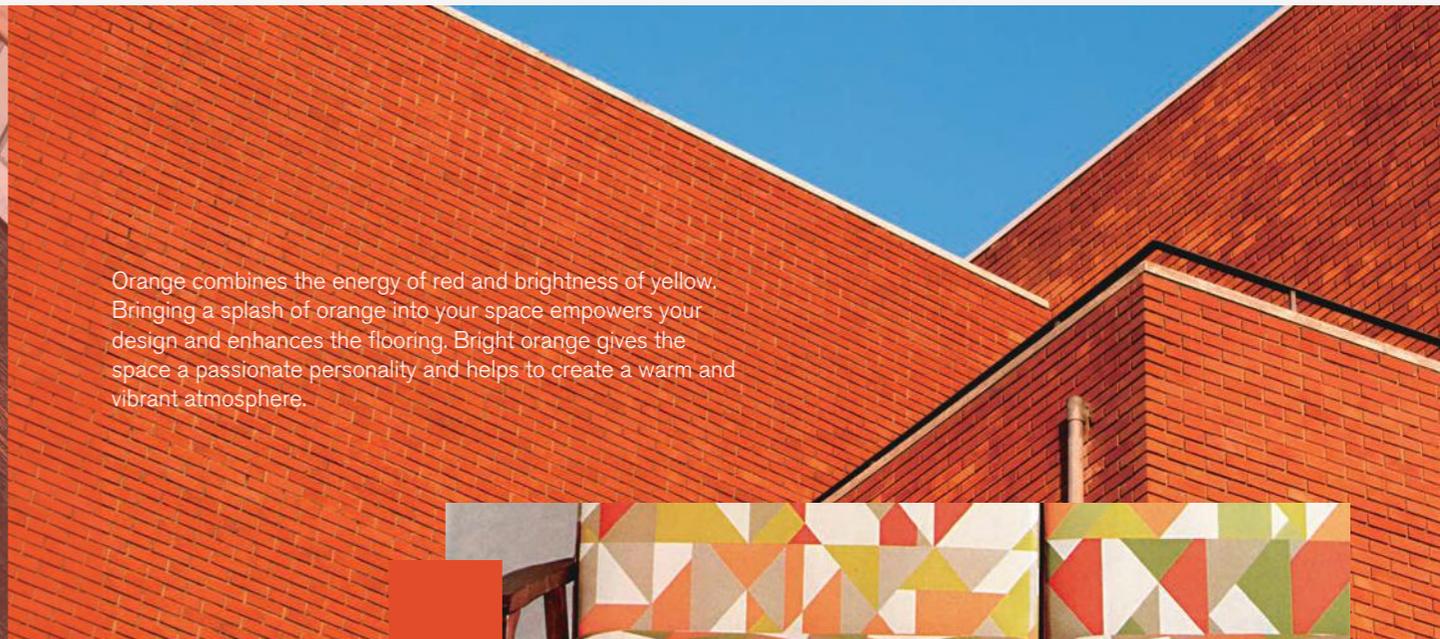

COLOUR IN POWER

“Colour is a power which directly influences the soul.”

---Wassily Kandinsky

Colour always has this amazing power to affect your mood and subconsciously impact your perception of an environment. Colour helps characterize your design and highlight space in many possible ways. Tuntex planks offer a wide range of colour selections to fulfill your needs to create a unique indoor space. Given the possibilities to play with different shades of colours, Tuntex planks take design into a next level of fun and enjoyment.

Orange combines the energy of red and brightness of yellow. Bringing a splash of orange into your space empowers your design and enhances the flooring. Bright orange gives the space a passionate personality and helps to create a warm and vibrant atmosphere.

DYNAMIC COMPOSITION

Mixing Tuntex planks to complement and establish an integrated space.

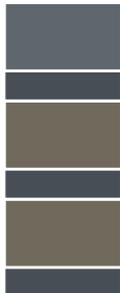

WHEN PLANKS MEET TILES

Tuntex planks open up a new world of design and set up a trend of slimmer and linear patterned flooring. The modern aesthetically planks also work well in combination with Tuntex tiles, triggering more design ideas and inventions.

Single solid colour of Tuntex tiles gently blend into planks and radiate a sense of sunlight into the space. The design creates a unique shadow effect along with the natural lighting in the room, adding a dynamic and vivid feeling into the space.
